

JAM COACHING 2020-21 (SUPER – 30 PROGRAM)

Post Graduate and Research Department of Chemistry, Govt. College Madappally has organized a one-year coaching program, 'SUPER-30', for undergraduate students, to equip them to pursue higher education in India's most reputed institutions like IITs and IISERs. An entry-level test has been conducted to select the most talented students and 30 students were selected for the program. As the college was closed due to the pandemic situation, classes were given through online mode. Live classes were conducted through the Google meet platform. Practice tests were conducted every week through the college's Moodle platform. The students were highly benefited by the program and 8 students were qualified in the JAM – 2021. Anunanda R has secured 855th rank and Anjana Pradeep got 2061st rank and many other students scored high ranks in entrance examinations conducted by various prestigious universities.
