

7.3.1. Together We Grow: Building a barrier against Covid-19 by providing support to the community.

Government College Madappally is an integral part of life in Madappally. We are witnessing what could be the toughest challenges faced by mankind in the form Covid-19. Thus the priority and thrust of the college in 2020-21 was to build a barrier against the disease and save the human lives. We utilized all possible resources to educate the students and local residents of Vatakara about the disease during the period. This is an institution of academic excellence functioning at the heart of a strongly knit community. The existence of this college at the outskirts of the district of Kozhikode offer quality education to a large number of students who reside locally and elsewhere. The college functions as a knowledge hub as wells as a resource centre for various activities in and around the campus. Our students participate in almost all the socio-cultural, educational and health related activities in and around Madappally and provide the man/woman power to implement various policies of the local bodies and the Government. Awareness campaigns and surveys are often performed by the students of the institution regularly. The bond this institution has with the local residents is reflected in all aspects of life in Madappally. Being a Government college it is bound to facilitate learning process through an inclusive system of education. This inclusivity is what makes Government College Madappally stand out. Our students and staff have pledged to render their service and knowledge to the betterment of the society. All our actions are motivated from the sense of love and compassion to the people because each member of the college sincerely believes that ‘together we grow’.

- 1) Whether it is vaccination campaigns or distributing sanitizers to the local residents, this college misses no opportunity to voice its pledge of support to the people of Vatakara.

2) We implemented the Break the Chain programme to curb the spread of Covid effectively by sharing our resources with the public.

Break the Chain: COVID Awareness Campaigns

The students and the college staff worked sincerely to tackle the massive spread of the COVID pandemic.

The Chemistry department prepared sanitisers and distributed them to the public.

Break the Chain campaign by the students made a huge impact among the local residents of Madappally and in Vatakara.

The students attended training programmes conducted by the district authority. The college staff also performed the duty of Sectoral Magistrate during the period.

The college is a centre for various examinations. All the applicants were systematically checked before they entered the examination halls.

3)The students and the staff of the college came together to help the needy.
